Your Name and Email

Name of Graduate Student

Your Relationship to the Applicant

What is the student's language ability in the proposed country (or countries) of research? Are they fluent, proficient, or competent? If unable to assess, then please note "unsure."

1. Tell us about the applicant and in what capacity you've worked with this student.

2. Provide your assessment of the project's originality or significance and if applicant has had any preliminary preparation to conduct this field research.

3. What is the relevance of the proposed project for the student's progress in your program? Please comment on the applicant's motivation and perseverance to conduct this research.
